## Vision

The company aims to become the best partner among the industrial and commercial companies in the field of plastic PET Preforms and HDPE closures throughout the GCC and the MENA region by increasing its activities, enhancing its existing relationship, building new relationships and gaining the confidence of its customers.

## Mission

Constructing a new concept in the plastic PET preforms and HDPE Closures sector by providing various products of different sizes and weights with the highest quality and services at competitive prices as well as meeting all the needs of its partners and customers.

The company seeks to capitalize on its leadership position to gain additional market share through expansion in the Kingdom and beyond (GCC and MENA region) by strengthening its position as a preferred partner for water and juice producers and achieving the company's vision.

# Introduction

It takes a great pleasure to introduce our organization Zahrat Al Waha for Trading Est. The company is engaged in the production of PET Preform and CAP. The factory is commissioned with state of art machinery of international repute, also we boast of having one of the finest laboratories for quality checks.

Our Mission is best defined as a one point customer oriented total which is provided through concrete planning, development, manufacturing and marketing that deliver measurable customer benefits.

The primary objectives of Zahrat Al Waha are to response on time, adhering to delivery schedule for the products that it manufactures and markets.

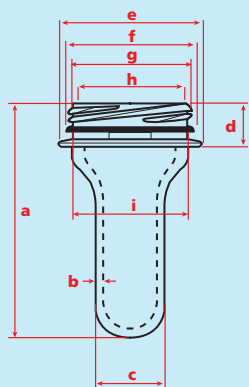

The company markets its production throughout Africa, Gulf and the Mediterranean and we are becoming one of the leaders in the region for providing PET preform & CAP, through a wide range of distributors.

The background of the slide features a close-up, slightly blurred image of numerous yellow plastic bottle caps. The caps are arranged in a way that creates a sense of depth and repetition. Overlaid on the left side of the image is a dark blue, semi-transparent banner with a rounded right edge. To the right of the text on this banner is a stylized graphic element consisting of three overlapping, curved shapes in a lighter blue color, resembling a flower or a modern logo.

## Our Products List

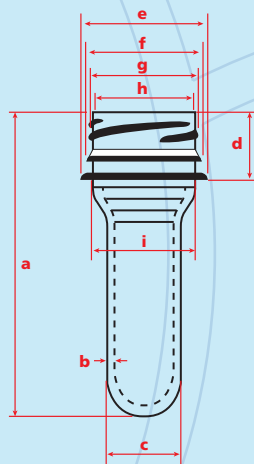

29/25 Short Neck

# Quality Control

Zahrat Al Waha for plastic implements its Quality Management System which complies with the International quality management system standard ISO9001:2015 requirements, Food Safety Management System ISO22000:2005 and all GMP requirements to assure the continual improvements for our products, processes and achieving our customers needs and satisfaction.

Our QC laboratory equipped with highest technology testing laboratories equipment to monitor and assure the quality of our raw material and finished products.

## Why Zahrat Al Waha should be your packaging partner?

- Highly skills /trained team is available in the plant 7/24.
- Using only the virgin resin from high quality suppliers such as SABIC.
- From the raw materials to the finished preforms and closures, all the stages of the production have been tested sensitively according to manufacturing/ customer standards.
- Using highest technology in infrastructure, injection machines and molds from the best manufacturers such as Husky, Corvaglia and Piovan.
- Zahrat Al Waha Plant is available when quality and quantity are needed.
